FLOWER OF SALT

TAAMAY Trading is a French company that offers the best fruits, vegetables and related finished products made with the highest standards in Latin America for Europe, the Middle East and Africa (EMEA)

Our model is based on engaging every stakeholder throughout the value chain. We look to mitigate risks and to ensure successful participation at each step of the process, from the local suppliers to the final clients in the international market.

- Key supplier Management and Development
- Supply Chain
- Business Development and Strategic Marketing

VISION

To act as the main commercial ally of companies which export high added-value products from Latin America to the EMEA region and to proudly be ambassadors of the cultural diversity.

VALUES

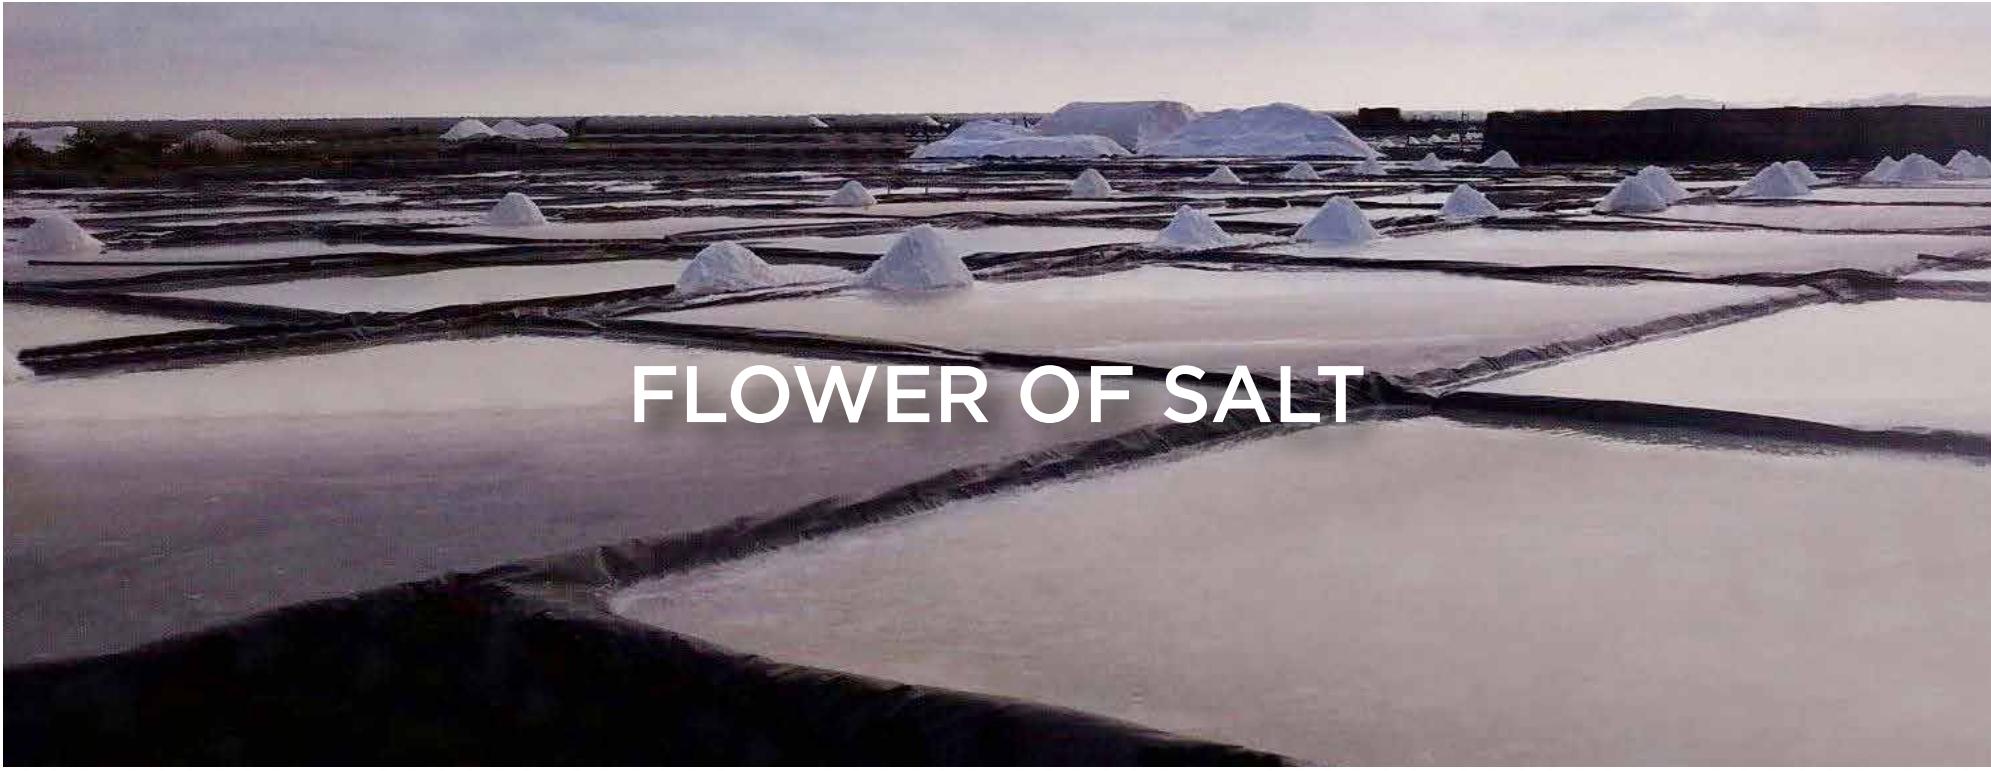

Quality
Honesty
Punctuality
Ethics and Compliance
Social Responsibility
Health-consciousness
Teamwork

FLOWER OF SALT

Flower of Salt

PRODUCT

Flower of Salt comes from saltwater lagoons and is obtained by solar evaporation. The difference with common sea salt is that a thin layer of crystals is created and float on the surface of the water during the evaporation process called "crystallization eras"; which is collected by hand to produce the so-called "**Caviar of Salt**" with a limited production that makes it a scarce and valuable product.

CERTIFICATIONS

Our Flower of Salt comes from "Cuyatlan saltwater Lagoon" in Colima, Mexico, place of origin of one of the best salts in the world due to the quality and richness of its soil. We obtain brine from deep groundwater located 15 meters underground, enriched with minerals during the extraction process, that ensure a greater purity and a 100% plastic-free product with high content in magnesium.

DESCRIPTION

We produce our Flower of Salt when two characteristics of weather change: temperature and wind. In Mexico during the month of May, sun's rays provide more heat and temperature changes provoke strong winds, making our Flower of Salt crystallize faster with a lower sodium concentration & molecular density than other salts offered in the market.

Its flavor is salty but delicate and subtle on the palate, its texture is soft and crunchy. It can be broken with the fingers and dissolves easily.

PRODUCT	Flower of Salt		
PRESENTATION	Bag	454 grams	
	Pocket salt shaker	22 grams	
COMPOSITION	Sodium Chloride (NaCl). More than 80 natural components, among them the magnesium, potassium and calcium.		
GRANULOMETRY	Less than 3mm		
DEFINITION	Solar drying and manual harvesting. Precipitation on "Crystallization Eras" surface under the effect of the sun, wind and control by the traditional salter.		
ORGANOLEPTIC PROPERTIES	Granulated product of white color, crystalline, odorless, mild saline taste not frank, clean, loose and 100% soluble. Fragile texture of soft granular micro-flakes which are broken by simple pressure between fingers.		
FOREIGN MATTER	Absence of ferrous, non-ferrous and stainless steel particles, as well as absence of plastic and microplastic material in 50g.		
EXPIRATION DATE	It has no expiration. Being a preservative in its own nature.		
STORAGE	It is recommended to store in a dry place.		

**CHEMICAL
ANALYSIS**

ANALYSIS	RESULT	UNITS
Sodium chloride	Min. 77 / Max. 89,54	%
Sodium	(±) 30 422,74	%
Humidity	(±) 4.66	mg/100
Insoluble matter	0.0	mg/100
Zinc	0,17	mg/100
Iron	1,01	mg/100
Calcium	265	mg/100
Magnesium	808	mg/100
Potassium	143,74	mg/100
Potassium iodate	23,26	mg/100
Nitrates	< 0. 0004	% NaNO ₃
Nitrites	< 0. 00005	% NaNO ₂
Cadmium	< 0. 000004	%
Sulphites	< 0. 001	%SO ₂

It has not undergone an artificial drying process and it retains natural humidity level. It has not undergone any alteration, any type of chemical treatment or artificial addition of additives.

WHY CHOOSE OUR FLOWER OF SALT ?

100% artisanal, natural, organic,
Ecological and gourmet.

Hypotonic salt,
rehydrates and prevents
fluid retention.

8% magnesium content,
four times more than any other
salt on the market.

Due to its low content of sodium and rich
minerals, our Flower of Salt is particularly
appreciated by people with disease such
as diabetes.

Help to prevent diseases associated with
common salt consumption such as
hypertension, heart attacks, osteoporosis,
stomach cancer, asthma, etc.

Also benefits healthy people of any age,
pregnant women or athletes.
