A photograph of several Kent mangoes hanging from a tree branch. The mangoes are in various stages of ripeness, showing a mix of green, yellow, and pinkish-red hues. They are surrounded by lush green leaves. The background is slightly blurred, showing more of the tree and some dry grass on the ground.

 TAAMAY

---

**ORGANIC & CONVENTIONAL  
KENT MANGO**

TAAMAY is a French company that offers the best fruits, vegetables and related finished products, made using the highest standards in Latin America to Europe, the Middle East and Africa (EMEA).

Our model is based on engaging every stakeholder throughout the value chain. We look to mitigate risks and to ensure successful participation at each step from the local suppliers to our final clients in the international market.

- Key supplier Management and Development
- Supply Chain
- Business Development and Strategic Marketing

## VISION

To act as the main commercial ally of companies which export high added-value products from Latin America to the EMEA region and be proud ambassadors of cultural diversity.

## VALUES

- Quality
- Honesty
- Punctuality
- Ethics and Compliance

**PRODUCT**

Organic and conventional Mango

**VARIETY**

Kent

**CERTIFICATIONS**

**DESCRIPTION**

The mango is a tropical tree species native to areas with hot and dry climates. Mangos are mainly found in the central areas of Mexico, from the west to the east coast. Mango trees reach heights of 10 to 40 meters.

Succulent and fleshy fruit with an oval shape and a rich, sweet flavor. Their skin appearance is shiny, green to yellow in color and developing a red blush as it matures. The Kent mango is recognized as one of the finest tropical fruits and Mexico is the leading exporter of different mango varieties worldwide.

# ADVANTAGES of consuming MANGO

A **high content of vitamin A**, beta-carotene and antioxidants, mangoes contribute to eye protection by making them less vulnerable to harmful sun exposure.

Mangoes are a great **source of antioxidants** and help prevent some forms of cancer when consumed regularly.

**Contain fiber** that facilitate digestive processes and **reduce cholesterol levels**.

Mango is a highly healthy fruit due to its **high water content** of 86%.

Contains glutamine acid, which is good for **stimulating memory and improving concentration**.

Can be consumed in multiple forms including as a fresh fruit, juice, ice cream, sweets or jams, etc

Its high potassium content **helps regulate heart rate** and maintains control of blood pressure.
